Club News

Break out your thermal underwear....we've got *air conditioning*!!

That's right! Repairs at the studio are finishing us as I'm writing this newsletter. We've got the best thing going now that we've got cool air running again. Cool air, smoke-free, studio atmosphere....what more could you want?!?!?! So I expect to see everyone back next Thursday, ready to get your groove going again. One week was too long to go without seeing everyone, so let's have a big reunion this week! I want to see lots of handshakes and hugs as we welcome each other back to the club.

Last week was such a busy week, so I've got a little bit of catching up to do.

Novice Invitational took place last weekend. I'm happy to report that we got lots to celebrate. Jeni and Charles danced in the Novice Strictly Swing and finished in 9th place. Donese and Wayne finished in 5th place. In the Jack and Jill competition, Donese finished in 4th place. And in Female Pro-Am Novice Strictly Swing, Wayne danced with Samantha Buckwalter and finished in 4th place. Way to go to all our competitors!! We also had lots of club members attend and had a great time dancing until the wee hours of the night.

Last week, Tony Watson from Dallas paid us a visit. Great to have you Tony! Here's a shot of Tony with Nancy.

Class Notes

I saw a couple new faces in the beginner class. Great to see y'all. Keep coming back!

Congratulations to **Lynda**! Lynda 'graduated' into Ann and Charles' class! She knows her basics and is learning quickly! Way to go Lynda!

Bobby reviewed the previous week's arm catch then added a new variation. This time, after catching the lady's arm, check the lady's position to hold her in place back to back, then the guy makes a left turn on his triple step on 5&6.

Music

We've got some great new music coming up. For a preview, check out this YouTube video.

I've got the song. You'll be dancing to it real soon!

Gotta go! Gotta go dance!

See ya!

Wayne
